ALLIES ADVANCE ON ALL MAIN SECTORS OF TUNISIAN FRONT

Violent American Onslaught Causes Nazi Withdrawals

By WILLIAM B. KING

Allied Headquarters in North Africa, April 26.—(P)—The Germans are reported in retreat today on the American-manned northern sector of the Tunisian front, after yielding mountain strongholds at the southern end of their abbreviated west wall with little resistance and concentrating armored strength against tank-supported blows by the British First Army at their center.

Even as a field dispatch said that the Germans had begun withdrawing from positions before the Second U. S. Army Corps this morning, headquarters announced that the French 19th Army Corps had won five mountains without heavy opposition and wiped out a German salient that had poked dangerously into Allied lines.

A military spokesman said Col. Gen. Jurgen von Arnim was known definitely to have committed most of his armor to "fight it out" against British tanks which penetrated the narrow plain east of Goubellat, between the French and American sectors.

"This is a vital area," the spokesman said.

U. S. FLIERS RESUME RAIDS AGAINST KISKA

Americans Gamble Navigation Skill For Chance To Slow Construction Of Airbase

RESULTS UNREVEALED

BULLETINS
Washington, April 26.—(P)—Four American fighter planes engaged 10 enemy bombers and 20 Zeros off Guadalcanal island, the navy reported today, and shot down five of the Japanese fighters. Two of the United States planes failed to return after the aerial battle fought 95 miles northwest of Lunga Point on Guadalcanal in the Solomons.

By HAMILTON W. FARON
Washington, April 26.—(P)—Ambushing their navigation skill for chance to slow up construction of Japanese airbase in the Aleutians, American fliers have resumed their bombing raids on enemy installations at Kiska.

For two days the United States fliers apparently were earthbound because of fog and storms which over the North Pacific can road up to plane-crushing blasts in a matter of minutes, but yesterday the navy disclosed the raids have started again.

Despite storms, bombers and fighters took off Saturday to roar down on the rocky island near the end of the Aleutians chain, loosing explosives and strafing enemy positions with machine gun fire.

The weather was so bad, however, that the pilots were unable to locate targets.

Soviet Union Breaks With Exiled Poland

Moscow, April 26.—(P)—Soviet Russia severed relations with the Polish government in exile yesterday, accusing it of being in league with the Germans in carrying out a "hostile campaign" against the Soviet Union in connection with German charges that the Russians had killed 10,000 Polish officers near Smolensk.

Foreign Commissar Molotov ended the Polish ambassador's letter today, denouncing the Polish government, the news agency Tass reported. It charged the Poles with carrying on a hostile campaign against the Soviet Union along the same lines as the recent German propaganda diatribe, accusing the Russians of murdering 0,000 Polish officers near Smolensk.

UNION CHIEF IGNORES WLB INVITATION

Sporadic Strike Outbreaks Reported in Appalachian Field as Wage Parley Lags

NO VOTE BEING TAKEN

Washington, April 26.—(P)—The War Labor Board pushed ahead today with plans to set up a fact-finding, three-man panel to hear the soft coal wage dispute despite a refusal by John L. Lewis, president of the United Mine Workers, to nominate a labor member of the panel.

Sporadic strike outbreaks have been reported from various parts of the Appalachian field. Uniontown, Pa., reported 6,000 miners stopped work in that area. Some steel company "captive" mines elsewhere also went down.

The board was expected to announce its selections today of persons to represent the public, industry and labor on the panel. A preliminary meeting is scheduled for tomorrow and hearings on the dispute itself are to start Wednesday, the day after a meeting of the UMW policy committee in New York.

The War Labor Board gave Lewis until 9:30 a. m. today to submit several names as labor's nominees for the panel. Chairman William H. Davis told reporters Saturday, after Lewis disregarded a request to attend a preliminary session that the board would "use our own common sense" and name a labor member if the UMW president continued to ignore the board. The case will proceed unless a strike occurs, Davis added.

It was uncertain whether the board would take cognizance of the few scattered work stoppages in the absence of a national policy declared by the union leadership. A union spokesman in New York said no strike vote is being taken and "if the mines cease operation after expiration of the contract, it is the result of the miners' resentment over the continuance of the little steel formula as a yardstick measurement of granting wage awards as well as failure of the administration to police OPA prices and failure to guarantee any future price controls."

STATE EMPLOYEES TO HAVE BOND CAMPAIGN
Harrisburg, April 26.—(P)—War bond campaign among 8,000 state employees will be launched at five one-hour meetings next Wednesday in the forum of the state education building.

Two war heroes from North Africa and Guadalcanal will tell battle experiences.

William S. Livengood, Jr., secretary of internal affairs, will preside. A message from Governor Martin will be read and Mrs. Martin, honorary chairman of the Dauphin county war savings women's division, will attend.

TWO DROWN PLAYING ON RAFT ON DAM

Kelley, April 26.—(P)—Police and volunteers today resumed their search for the bodies of two boys believed to have drowned when a raft from which they were fishing capsized yesterday on a private dam of the Glen Alden Coal Company.

Four other boys on the raft at the time swam approximately 500 feet to shore, then sought help when they were unable to find their companions, Louis Liebinski, 16, and Louis Luchetta, 14, both of Kelley.

The water at the point where the raft capsized is about 12 feet deep.

Christians Observe Easter Amid Grim Trappings of War

By the Associated Press
The psalm "He is Risen, He is Risen," echoed through a war-torn yesterday as traditional Easter observances spread their panoply of worship for the resurrected Christ from Moscow to Jerusalem, from New York to London.

Even the bombers which have made a mock of peace for the men and women and children behind the fighting lines were relatively quiet as a 24-hour period passed without major sorties in the European theatre, though the struggle in North Africa went on with unabated intensity and the great battle of Russia killed its hundreds without regard to date.

Moscow's 26 open churches were jammed with crowds the like of which has not been seen since the revolution and worshippers literally had their clothes torn in the

crush.
London saw a typically American observance of the Easteride with a dawn service for America's armed men in Hyde Park. The lovely church bells of the British isles rang for only the third time since the fall of France, when their sounding was reserved to signal the expected Axis invasion of the British homeland.

Methodist Bishop Adna W. Leonard of Washington, D. C., preached a simple sermon of resurrection in an improvised pulpit in the park and went on to hold service for American fighting men at an air base. Bishop Leonard has been visiting American troops as the representative of 31 protestant denominations.

Pope Pius XII celebrated mass in Rome in the presence of the diplomatic corps, but did not make an expected world-wide broadcast.

Strongly opposed by WPE Chairman Donald Nelson, the bill would separate civilian supply authority from the War Production Board, giving the new set-up equal claimant powers with the army and navy. Byrnes would have the final word in settling disputes over allocations between these agencies.

Much Booty Taken From Wholesalers

Over 1,150 Cartons of Cigarettes Included in Loot Reported

TRIO IS QUESTIONED

Robbery at the wholesale grocery of the Smith & Horton Company is assuming larger proportions as the investigation under way by the Warren Police Department continues. So far a check of the inventory of the company shows that 1150 cartons of cigarettes were taken, many cartons of five-cent candy bars, boxes of cigars and quantities of workmen's gloves and other booty were taken.

Lieut. M. Evan, who with others of the police department are at work on the case, have run down clues which have caused the questioning of three boys, one of them a former part time employee of the company, and confessions have been obtained as to the thefts. It was learned today that none of the employees of the company are implicated in the robbery.

A broken window led to the opening of the investigation and Lieut. Evan worked for almost two weeks before obtaining the first definite clue to the boys who entered the plant. The boys confessed that they operated through a window leading into the warehouse from a point near the Pennsylvania railroad. The window, some distance from the ground, but one lad would have been boosted up through the window. Then he would lead the others to enter. Once in the warehouse they used pass keys to enter the tobacco and candy rooms. An empty carton would be secured by each of the boys and it would be loaded with cartons of cigarettes, cartons of candy, boxes of cigars, etc., and then they would make their exit through the window. One lad would drop to the ground and then the loot would be handed to him. In this way the boys could make a good haul at each trip into the warehouse.

The boy who once worked for the company knew the interior layout of the building, the location of the various supply rooms and also the time the watchman moved about.

During the investigation the boys confessed they sold quantities of the stuff they stole to some of the former places about the town and business places about the town.

As far as the news was concerned this seemed the quietest day of the year. The Russian people, meanwhile, were keeping posted on the situation created by Japanese treatment of the American fliers in their hands.

The investigation will be continued until the case is cleaned up and announcement will then be made of the persons implicated and formal arrests will be made. Three lads have been held by the police and others may be picked up.

New Civilian Supply Bill

Washington, April 26.—(P)—Early senate approval was predicted today for a civilian supply agency measure described by Senator Taft (R-Ohio), one of its authors, as a step toward clothing economic stabilization Director James F. Byrnes with authority that would make him an assistant president.

Strongly opposed by WPE Chairman Donald Nelson, the bill would separate civilian supply authority from the War Production Board, giving the new set-up equal claimant powers with the army and navy. Byrnes would have the final word in settling disputes over allocations between these agencies.

BREAK WITH FINLAND IS FEARED NEAR

Stockholm Reports Public Deeply Disturbed Over Official Position of Nation

PRESSURE FROM BERLIN

Stockholm, April 26.—(P)—A break in diplomatic relations between the United States and Finland appeared imminent today—perhaps only a matter of hours—as advices from Helsinki indicated little possibility of a change in Finnish foreign policy which might ease the situation.

While the Finnish public was reported deeply disturbed by the prospect of a break, Finland's official position was summed up tersely by a source close to the government with these words: "The Americans cannot expect us to tie a noose around our own necks."

The statement was an obvious reference to American desires that Finland settle her differences with Russia, break her ties with Germany and withdraw from the war.

Germany has been reported as bringing strong pressure on Finland to step up her military efforts against Russia and aid the Nazis in mounting a spring offensive against Leningrad.

Reports were current last night that Washington already had broken relations with Finland, but they were described as "premature" by a high Finnish foreign office source in Helsinki.

This source disclosed that U. S. Charge D'Affaires Robert Mills McClintock had made an appointment at the foreign office yesterday afternoon to discuss "an important matter" but later had cancelled the appointment. There was no explanation, and McClintock declined to comment.

(A dispatch from Helsinki today quoted McClintock as saying he knew of no political developments. He acknowledged that he had requested an audience with the Finnish foreign minister yesterday, which later was cancelled, but made no comment on the incident. He said he had no plans for today and no appointments.)

Foreign Minister Sir Henrik Ramsay was spending the Easter holiday in the country. Subordinates said the situation remained (Turn to Page Six)

Four Drown In State Over The Weekend

By the Associated Press
Four boys drowned in Pennsylvania during the balmy Easter weekend as the lure of the old swimming hole became evident for the first time this season.

At least 10 persons lost their lives in other accidents, one burning to death, three dying from gas, and six succumbing to injuries received on highways.

Thirteen-year-old Raymond Byers went swimming in Chartiers Creek, near Washington, and was stricken with cramps. A brother, James 12, attempted to pull him out with a belt. Both boys drowned in six feet of water while two younger brothers looked on helplessly from the bank.

A raft from which six boys were fishing capsized in a private dam of the Glen Alden Coal Company near Kelley. Four of the boys swam to safety. Louis Liebinski, 16, and Louis Luchetta, 14, are believed to have drowned.

Three-year-old Aaron Miller, negro, burned to death in a fire in the Philadelphia home of his parents, Mr. and Mrs. Levi Miller. A two-month-old sister, Janette, was tossed from a third-floor window into a topcoat held like a net by a passerby.

Three Philadelphians, Isaac Stewart, 77; Calvin Stewart, 48 (no relation), and John Herman, 56, died from gas that escaped from stoves.

GAS RESTRICTIONS CAUSING VIOLATIONS

Pittsburgh, April 26.—(P)—The Pittsburgh Automobile Club charged in a telegram to Petroleum Administrator Harold Ickes that present gasoline rationing regulations have "caused illegal use of coupons and encouraged the operation of black markets."

The telegram, urging Ickes to "take the earliest possible steps to clarify public thinking and provide the maximum amount of gasoline consistent with the demands of our armed forces," stated that "the charges and counter-charges as regards the merits of western Pennsylvania being excluded from the eastern shortage area are having a disastrous effect on car owners."

LIVENGOOD WILL BE SWORN IN TOMORROW

Harrisburg, April 26.—(P)—William S. Livengood, Jr., secretary of internal affairs, will be sworn in Tuesday, May 4, for his second term by State Supreme Court Justice Allen M. Stearne in ceremonies marked by wartime simplicity.

The oath will be administered in the senate chamber at noon before Governor Martin and other state officials as well as a group of Livengood's neighbors from Somerset county, who will pool their gas and share their cars to attend.

State Senator M. Harvey Seranton, Republican national committee vice-chairman, H. Lattemon, Mrs. Margaret H. Lattemon, Made vice-chairman, Republican State Committee; G. Mason Owell, Republican national committeeman; Charles H. Ealy, president pro tempore of the senate and house Speaker Ira T. Fiss.

AMBRIDGE LAUNCHING

Ambridge, April 26.—(P)—A tank-landing ship was launched in the Ohio River Saturday as "ladies day" was celebrated at the yards of the American Bridge Company. An 18-year-old stenographer, Irene Louise Martin, launched the boat. The ceremonies were held in recognition of the role women are playing in war work. Miss Martin is one of 400 women employed at the shipyards.

Berlin Claims Carrier Sunk

Washington, April 26.—(P)—The navy denied today German claims that the aircraft carrier Ranger had been torpedoed and sunk in the North Atlantic.

"Neither the Ranger or any other United States carrier has been sunk or damaged in any ocean," a navy spokesman said.

The Berlin radio, in an otherwise unconfirmed report, said in a broadcast last night a German submarine had sunk the 14,500-ton U. S. aircraft carrier Ranger in the North Atlantic.

"One of our submarines, commanded by Lieut. Commander von Beulow, has sunk in the middle North Atlantic the United States aircraft carrier Ranger, which was (Turn to Page Nine)

Committee Counting on Small Purchases to Put Over Campaign

TABULATION OF RESULTS

Warren county's Second War Loan drive swings into the final week with a quota of \$3,625,000 still to be met, and with the number of individual subscribers still short of the 4,200 mark set for April. A tabulation of results from War Finance Committee headquarters through the third report date of April 22, shows actual sales of \$3,053,704.00 from 4,003 individual purchasers.

In commenting on these results, Chairman Mackay said: "We're counting on the small investor to put us over the top from here in. Perhaps the purchase of an \$18.75 bond isn't as spectacular as the purchase of a million dollar tax note, but it is the small buyer to whom the buying of this extra \$18.75 means sacrifices or the giving up of something else, that is putting Warren county's bond drive over in such fine shape. While these small bonds may seem like a drop in the proverbial bucket, remember it's one of those drops that will finally overflow the bucket. Our workers are re-echoing their efforts to contact every body. If you have not been called upon, and want to buy a bond, you can help the worker in your neighborhood by calling her. If you do not know the name of the worker in your locality, call War Finance Committee headquarters and they will give you her name. The telephone number of headquarters is 2948."

Executive Manager J. R. Barnett estimates there are now over 600 pledges which have been turned over to local banks, but which have not as yet been redeemed. The banks are acting as issuing agents for these bonds and have noted the full time services of several employees to take care of those coming in for their bonds. Last Saturday the banks were crowded with people buying bonds, and as the end of the drive draws closer, these numbers will increase. Those who have made pledges and have not yet visited their bank to pick up their bonds, are urged to do so early this week to avoid the last-minute rush, and make sure their bonds are issued in time to count toward Warren county's quota.

A breakdown of the figures shows the following results secured by the various groups: Industrial Committee, \$2,149,467.50 from 95 purchasers; Business, Professional and Public Employees, \$577,755.50 from 123 purchasers; Warren Borough Schools, \$16,491 from 538 purchasers; North Warren, \$19,893.25 from 134 purchasers; Clubs and Lodges, \$17,190.50 from 12 purchasers; Warren Borough House-to-House, \$131,769.75 from 861 purchasers. The county districts show the following results: County District No. 1, including Tididote and Grand Valley, \$7,861.75 from 88 purchasers; County District No. 2, including Pittsfield, Irvine, Garland, Spring Creek and (Turn to Page Six)

WAR COMES AND GOES FOR BUTLER CITIZENS

Butler, April 26.—(P)—Butler has a taste of war coming and going Saturday.

BULLETINS

Hamilton, Bermuda, April 26.—(P)—American and British representatives seeking a solution of the problem of refugees from Nazi-conquered Europe, were understood today to have reached a tentative compromise on a plan to relocate European refugees temporarily in French North Africa, the Cirenaica portion of Libya and the Diredawa region of Ethiopia.

London, April 26.—(P)—A French communique broadcast by the Agence radio announced today that French forces had driven to a position little more than three miles from the German Tunisian stronghold at Pont Du Fahs.

Wilmington, Del., April 26.—(P)—H. R. Bazley, of Pittsburgh, vice-president of All-American Aviation Inc., has been elected president of the company to succeed Richard C. Dupont, who resigned to become special civilian assistant to the commanding general of the army air forces, the company announced today.

Chungking, April 26.—(P)—The Japanese used "scores of bombers" to back their biggest offensive in recent months in the Tsinang mountains on the Honan-Shensi border and both sides suffered heavy losses, a Chinese communique said today.

Frequently yesterday Green asked "if there was a reprieve."

Green was convicted of first degree murder in the slayings of Melinda Green, 65, a rooming house keeper, January 12, 1942, and Josephine Cobb nine days later. Appeals to the state supreme court and the state pardon board were rejected.

The condemned man went to his death without a word after sleeping until he was taken to the execution chamber. Rev. John J. Burkhart of State College repeated a prayer for him during his last moments.

Two of Warren's youthful fliers, James I. Miller and Lloyd L. Porter, are again in the news being flashed over the countryside by The Associated Press wire service, this time in a dispatch from Washington, D. C., which tells of their participation in a successful air attack on April 18 on the harbor of Porto Torres, Sardinia.

The report states the two boys, advanced to the rank of first lieutenants during March, were among seven Pennsylvanians listed by the War Department as taking part in the raid. It says: "The B-25 Mitchell bombers were escorted by P-38 Lightning fighters. Direct bomb hits were scored on three large enemy cargo vessels on the docks and railroad yards."

This is the second story of such participation for the two young fliers, the first being on January 29 when they were singled out from 14 members of a bomber crew credited with hitting and damaging an Italian destroyer in the Mediterranean Narrows.

Lt. Miller is the son of Mrs. George H. Miller, of The Willows at Rogers Mill and Lt. Porter is the son of Mrs. R. Ross Porter, Warren RD 2. Word of their advancement to full lieutenant rank has just been received here, also.

Attending the rites from away were Mr. and Mrs. Alfred Kitchen, Philadelphia; A. Paul Kitchen, with the army air forces at Bergstrom Field, Austin, Texas; Mr. and Mrs. John Kitchen, Mrs. Jean Goddard and son, John, Erie.

CARL GARRITY

Funeral services will be held Wednesday afternoon at the Garritty Funeral Home in Jamestown, N. Y., for Carl Garrity, formerly of that city, and husband of the former Ethel Hoskins, of Warren. Mr. Garrity passed away suddenly last Tuesday in San Diego, Calif., aged 35 years. Besides his wife, he leaves two children, Roger and Joyce Jean, in San Diego; also a number of other relatives in Warren and Jamestown.

MRS. EMMA BRENNAN

Mrs. Emma Brennan, born and raised in Warren but a resident of the west for many years, died Saturday morning in Hope, Idaho, in her 90th year. The body will be brought here for interment in Oakland cemetery but detailed arrangements have not been completed today.

Mrs. Brennan leaves three children, Frank Brennan and Margaret Bordenman, in Hope, Idaho, and Mrs. Fredericka Smith, of Ekalaka, Montana; also three brothers, Theodore K. Knopf, Sheffield; Charles E. Knopf, Bowling Green, Va.; Maxwell Knopf, Camel, Calif.

FREDERICK ADAMS

The funeral of Frederick Adams, 229 Pennsylvania avenue, west, was held at 3:30 p. m. Saturday at the Peterson Funeral Home, conducted by Rev. H. L. Knappenberg, of Grace Methodist church. Interment was made in Oakland cemetery with the following as bearers: Norman and David Main, Jack Dailey, William Hartnett, Jerry Parks, L. Annunen.

Those who came from away were Miss Margaret Adams, Cleveland, O.; Mr. and Mrs. Norman Main, Youngsville; Mr. and Mrs. Peter Olson, Jamestown, N. Y.; Mrs. D. Babbitt, Erie.

MRS. SUSAN DALY

Mrs. Susan Daly, 705 West Fifth avenue, passed away at the home of her niece, Mrs. H. W. Appel, 9 Schanz street, at 8:25 p. m. Sunday following an extended illness. Mrs. Daly was born and reared in Kane but had resided in Warren since 1909. She was a member of the L. C. B. A. and the St. Joseph's church.

Surviving is a sister, Mrs. Mary McNamara, of Warren; several nieces and nephews. Her husband, Andrew A. Daly, preceded her in death three years ago.

Removal has been made to the Leo D. Gibson Funeral Home, where friends may call from two until five in the afternoon and from seven until nine in the evening, and from where the parish rosary will be recited at eight o'clock Tuesday evening. Funeral services will be held from St. Joseph's church at ten o'clock Wednesday morning, with interment in St. Joseph's cemetery.

Sunrise Services Mark Advent Of Easter in Warren Sunday

Although the sun came up behind a veil of mist, the 150 people who made the effort to arise early and journey to the Irvinedale school at 6 o'clock Easter morning for the community sunrise service were unanimous in their opinion that there was an outstanding experience in the Easter Season. The hushed quiet of nature before the dawn imparted itself to the assembled people as they stood facing the East. One's heart could not but be touched by the spirit and significance of the hour, as young and old lifted their voices in song and praise to the Resurrected Lord.

The central theme of the service was splendidly set forth in a very stirring and inspirational address by Rev. Wayne Furman, pastor of the First Methodist church. Valuable aids to the spirit of the service were the vocal quartette led by Harold Knappenberg and the brass quartette from the Salvation Army. Rev. Knappenberg of the Grace Methodist, substituting for Lt. Davidson, offered the general prayer. An Easter poem read by

Marion Kridler finished the special features of the program. Khlar McDonald and Melvin Furman offered the Call to Worship and the scripture lesson, respectively. The initial work on the program was done by the Hi-Y Club with the following committee in charge of final arrangements: Dorothy Schmidt, Marion Kridler, Beverly Hedberg, James Richards, Khlar McDonald, Ralph Wagner, Jr., and Meryl Ruoss.

Following are the groups who gave their active support and participation: Y. M. C. A., Y. W. C. A., First Methodist, First Presbyterian, First Baptist, Grace Methodist, United Brethren, Nazarene, Calvary Baptist, First Evangelical, and the Salvation Army.

Held Sunrise Service
Warren Commandery Knights Templars held their second annual Sunrise Easter service Sunday morning in Moravia Park. There were 46 Masons and their ladies in attendance. Group singing and an address by the Rev. J. H. Clemons provided the features of the service.

Two Thousand Pines Planted On Academy Lands Saturday

The "Veterans' Woods", including a tree for every member of the armed forces from Warren county, was established by the Boy Scouts of Warren Saturday, it was learned today from the local Boy Scout office. Nearly 40 men and boys participated in the planting of the two thousand pine "transplants."

The Scouts met at the post office building early Saturday morning, some on bicycles, others a-foot. They rode, or hiked, to the "Academy Lands" just to the west of the borough, where they were organized into planting teams and instructed how to put the trees into the ground by Jay S. Peas, Field Scout Commissioner.

The Scouts and leaders went to work in a business-like way, and had the task completed by 3:30 in the afternoon.

The Scouts who assisted and gave leadership in the project were: Scoutmasters: Paul Reynolds, Explorer Troop No. 2; George Toner, Troop 46; and Ronald Reider, Troop 48; C. Vance Weld, R. L. Endress and Chester H. Seymour, Scout executive.

The Scouts who did the job are as follows: Troop 1, Dick Blair and Robert Hunzinger; Troop 2, William Erickson and Jack Kyler; Troop 4, Donald White, Joseph

Waller, Bill Hill, Dick Daye, William Furlhart, Raymond Larson and John Robertson; Troop 8, Charles Henderson and Thomas Bean; Troop 9, Jack Archer, Lewis Lowe, Al Schuler and Henry Blick; Troop 12, Oren Wood, Dick Thompson, William Yeager and Tinker Henning; Troop 43, Carl Peterson and Gordon Odmark; Troop 46, Howard Colvin, Joe Constable, Herbert Gross, Elmer Mellander and Blain Lauffer.

In reviewing the preliminary returns from troops all over the county in the "plant a tree for every soldier" program, B. W. Knapp, chairman of the camping and activities committee of the Scout Council, indicated that over 15,000 seedlings or transplants had been put into the ground as a result of the effort. The troops that have already reported are: First Presbyterian Church Troop No. 8, Russell; Troop No. 14, "Tideout" Troop No. 27, Sheffield Cub Pack No. 35, Tonia Troop No. 34, U. B. Church (Youngsville) Troop No. 31, Pittsfield Troop No. 29, and Ludlow Troop No. 50 plan to plant 800 trees next Saturday, May 1st, in the Ludlow Community Park.

As indicated above, the Warren Borough troops that participated in the project are Troops 1, 2, 4, 8, 9, 12, 43, 46 and 48.

Your Ration Guide

April 26, 1943

MEAT, CHEESE, BUTTER AND FATS—Red E stamps in Ration Book No. 2 for foods in this category are now valid and will remain valid through the month of May. Red A, B, C and D stamps expire at midnight Friday, April 30.

CANNED FOODS—Blue G, H and J stamps in Ration Book No. 2 are now valid and can be used throughout May. Blue D, E and F stamps, which are also now valid, expire at midnight Friday. These stamps are used for the purchase of canned, dried and frozen fruits and vegetables and fruit and vegetable juices.

SHOES—Stamp 17 in War Ration Book No. 1 is good for one pair of shoes until midnight June 15. Books may be interchanged among family members living in the same household. Under a new amendment, ski and skate shoes, locker sandals, bathing slippers, and the majority of so called "play shoes," and children's shoes under size 4 are unrationed. Ration-board purchase certificates must be used when buying men's rubber boots and rubber work shoes of the "Victory" brand.

SUGAR—Stamp No. 12 in War Ration Book No. 1 good for five pounds of sugar until the end of May.

COFFEE—Coffee may be purchased only by individuals whose age is listed as 14 or over in War Ration Book No. 1. Local boards have no authority to change the age in Ration Book No. 1, regardless of the fact that a child has become 14 since the original registration. Stamp No. 23 in this book is good for one pound of coffee until midnight, May 30.

GASOLINE—No. 5 A coupons for three gallons each until midnight, July 21, B and C coupons, three gallons each for period specified by ration board; T coupons, five gallons each.

FUEL OIL—Coupons for period 5 are now valid and will be good through September 30. Value: Class 1, 10 gallons; class 2, 100 gallons. Householders should preserve the remaining part of the fuel oil coupon sheet after all coupons have been removed. Local boards will require the consumer to present the stub when 1943-44 rations are distributed.

TIRES—The period for the first tire inspection has passed. Second inspection deadlines: For A motorists, September 30, for B motorists, June 30; and for C motorists, May 31. Ninety days must intervene between A inspections, 60 days between B inspections, and 45 days between C inspections, 60 days between B inspections, and inspected every 60 days or every 5,000 miles, whichever is earliest. No ration board permission needed for recapping tires of automobiles and light trucks. Approval is needed for other recaps and replacements.

One of America's aviation industries has developed a fully automatic propeller speed synchronizer—which holds all the propellers of a multi-engine plane at identical operating speeds.

IT IS HOPED to have 40,000 WAVES and SPARS in uniform by the end of 1943. If that total is reached, it will mean that 40,000 men have been released from shore duty for fighting work at sea.

TRAFFIC WAS HEAVY

Saturday and Sunday in the highways and streets about Warren the automobile traffic was heavy and bore a resemblance to the pre-rationing days in the number of cars being driven. Just where the motorists got all the gas that was burned over the holiday has been the cause for wonder to many observers, as huge quantities must have been consumed.

BODY NOT LOCATED

Search for the body of "Dickey" Kline, six-year-old son of Mr. and Mrs. Charles Kline, 25 South street, south, has been intermittent over the weekend. Banks of the river were scanned by many over the weekend but as yet the body has not been sighted. The little fellow fell into the river Thursday evening while at play at the foot of Elm street.

REPORT IN ERROR

Mrs. John Gurdak, 1012 Spring street, informs the Times-Mirror that a report circulated that she had received notice from the War Department that her brother, Virgil Collins, had been killed in action with U. S. forces in Europe. She states she has received no such word and regrets greatly that such a rumor should have been started by some irresponsible person.

CASE LOAD DROPS

The week ending April 10 brought a slight acceleration in the downward movement of Pennsylvania's General Assistance case load, as a net total of 251 cases left the rolls.

The week's change in General Assistance dropped the total number of cases of all types on the rolls down to 170,197, consisting of 30,141 cases receiving General Assistance, 34,511 families receiving Aid to Dependent children, 92,155 recipients of Old-Age Assistance, and 13,590 Blind Pension recipients.

GASOLINE FOR FARMERS

Farmers are now assured that they will be able to get the gasoline and other tractor and fuel oil needed for farm production this year. Several steps taken recently by Government agencies have made this possible, according to James E. Walker, chairman of the Pennsylvania USDA State War Board. The Petroleum Administration for War has removed quota restrictions from all petroleum products for farm uses in the East Coast States. And it has given assurance for the whole country that farm productive needs will be given first consideration.

OIL SEEPAGE ABLAZE

Residents in the vicinity of the swamp that lies between the Hammond Iron Works and the United refinery built a bon fire Friday afternoon last, and it ignited the seepage in the swamp. The oil on the swamp burned with much flame and smoke. An alarm was turned in for the fire department and all apparatus with the exception of the aerial truck from the Central station and Engine Company No. 2 responded. Employees of the refinery aided in putting out the blaze and it was soon under control. No damage was done.

MUST MAKE REPORTS

All operators of three or more commercial vehicles were reminded today by the Office of Defense Transportation that operation reports for the first calendar quarter are due by May 1, 1943. Blank forms for the quarterly reports were sent to all operators of three or more trucks, taxicabs or buses at the time they were mailed their Certificates of War Necessity. The reports are necessary, the ODT said, to determine the amount of mileage conservation being effected. If an operator fails to file his report within the 30 day period after each calendar quarter, he may find it difficult to obtain gasoline rations for subsequent quarters under ODT regulations, the ODT said. Each operator should mail his report to his ODT district office, the address of which is stamped in the upper right hand corner of the form.

NEW PEAK IS REACHED IN STATE PRODUCTION

State College, April 26 (P)—Pennsylvania industrial activity set a new production peak in March with a gain of 22 per cent over 1942 and four per cent above February, the Pennsylvania State College reported today.

The college's monthly business survey showed new records for industrial power sales, electricity production, factory payrolls and service, employment, telephones in service, steel production and postal receipts.

Bituminous production was the best since 1927 and anthracite the best since 1934, while bank debits were the highest since 1929. Lower trends were reported in newspaper advertising lineage, crude oil production and department store sales, and employment in industries producing civilian goods declined.

National Youth Week To Be Observed Here May 1 to 8th

While our older youth are away at the battle fronts standing ready to give their lives for the preservation of Democracy, we on the home front must do everything we can to insure the future of that democracy by insuring the normal development of our boys and girls. National Youth Week is designed to aid in that development and also to let the citizens see how well the boys and girls of their community are learning the ways of democracy.

This year National Youth Week will be observed in Warren from May 1 to May 8. Burgess Steber will act as general chairman for the week's events with special committees in charge of the various special days. Tuesday afternoon, May 4, there will be a Kite flying contest for all ages, boys and girls. This will be held at 4 o'clock at some centrally located field to be determined and announced later this week. Wednesday

will be "Community Service Day", on which day High School students, elected by the Student Council, will take over various offices in the borough and several banks and business establishments. In charge of making the arrangements for this day are Mr. Bathurst, Mr. Young, and Mr. Reddick, all of the high school faculty.

On Friday, May 7, at 4 o'clock, bicycle races will be held for all ages, boys and girls, on Madison Ave. Saturday there will be a Model Airplane Meet on Beatty Field. This likewise is open to all age groups. The committee in charge for that day is Don Conway, James Richards, and Jack Lesser. They have arranged a meet for Gas models as well as sailplanes, of which there will be a Junior and Senior division. The gas models will be in two classifications per type model, A and B in one group and C in another. Printed rules for the meet may be obtained at the Y. M. C. A. or from any of the Committee members. They will also be published in the newspaper. It is hoped that a majority of the youth of Warren will avail themselves of the opportunities this week offers.

Police Had Busy Night Last Saturday

Warren's police as a prelude to Easter had one of their busiest Saturday nights that has been recorded on the police blotter in a long, long time. Boys throwing stones, entering vacant houses, etc., gave the police some busy hours and then as the hours began to wax late other and more important things arose.

The cruiser car picked up a 15-year-old boy from Jackson avenue extension. The lad had a bottle of wine he had stolen from his father and was drunk. Taken to his home by the police, it was discovered that his father was also intoxicated. Police admonished both to mend their ways and left the lad at his home.

Wine also figured in a call received by the police from the YMCA. A group of boys near there had several quarts of wine of which they were partaking. The police interrupted the party and confiscated the wine which was taken to police headquarters.

An overturned boat in the Conewango creek caused the police and fire departments to collaborate in the salvaging of the boat. It was discovered floating bottom-side up in the creek near the Fifth avenue bridge. Police were notified and called the fire department. Chief Kropf and Firemen Ernest Springer responded but the boat was lost in the darkness and floated away. It was feared a tragedy had taken place but no reports of any persons being missing have been received by the police.

A call from the east side announced that a man had been sighted between two houses there and a quick cruise sent patrolmen to the scene. A diligent search was made but no signs of the prowler could be found.

Another call took four policemen to Biddle street on the South Side where a man had been reported to have been on the roof of a house. The coppers formed themselves into a hollow square and advanced on the house but no porch climber could be found. Investigation, however, showed limbs of a tree broken and tracks on the porch roof showed the affair had been no myth but the fellow had evidently made his escape.

Prowlers are being reported from many parts of the city, some of which are undoubtedly due to overwrought nerves and one citizen suggests that the roar of a shot loaded with rock salt would be a fine reception for persons who prow about citizens' homes. It's possible.

PLEASE MAKE YOUR OUT-OF-TOWN CALLS STATION TO STATION WHEN POSSIBLE

On station-to-station calls, faster service is possible and rates are lower than on person-to-person. It's best to use the cheaper, faster station-to-station service when you're reasonably sure the person you want to reach will be at or near the telephone when you call.

Calling station-to-station in most cases—

SAVES YOU TIME!
SAVES YOU MONEY!
HELPS US HANDLE THE HUGE VOLUME OF WAR CALLS WITH A MINIMUM OF DELAYS!

NOTE: It's a station-to-station call when you merely ask the operator to connect you with a telephone in another city. (If you don't know the number, give the operator the address and tell her you'll talk with anyone.)

It's a person-to-person call if you ask the operator to connect you with some specified person, or an extension telephone, room or department reached through someone's private switchboard.

Always place your call by number, if you know it. Keep a record of all out-of-town numbers you may wish to call again.

A. E. F. IN TUNISIA

The folks at home have been worrying about our men in Tunisia. From such scanty news as we had received, a disappointing inference had begun to build itself, that American forces were not measuring up to the occasion—that time after time our men were being saved from military setbacks because the British carried the burden.

There was in this no implication of lack of courage or devotion. But laymen—and a lot of military people—have been worrying lest the Americans just did not possess the necessary training for the task that had been handed them. If this was true of the early contingents in Africa—presumably the best prepared—we wondered what would happen in Europe when even greener troops had to face the flower of the Reich's veteran fighters.

Secretary of War Stimson, with a perspicacity which emphasizes the wisdom of letting the public in on war news, has gone far toward setting our minds at rest.

The Americans did not plough through to the coast and "close the trap" on Rommel, says Mr. Stimson, because that was not their assignment. A relatively small contingent for four divisions—three infantry and one armored—was ordered to hold a 100-mile flank, pressing the Germans sufficiently to divert as much Axis armor as they could, so that General Montgomery's British Eighth Army could plow through the Mareth Line and up the coast.

It is the troops who break through and capture territory, material and prisoners, to whom the headlines go. But like the halfback who makes the touchdowns, their success depends upon the self-effacing co-ordinated efforts of linemen and of other backs whom nobody except a few skilled experts ever notice.

The Italians are frank, for once, when they say that the British Eighth Army is the greatest fighting unit in the world today. It and the British First Army deserve all the credit they have been given for their work in North Africa.

If General Eisenhower decided to use his best, most experienced men for the break-through, and to assign greener troops for the equally vital but technical less difficult holding operations, then he was showing excellent judgment.

Our men are less veteran than the British, for one reason, because England was in the war more than two years before we were. If the Fates are kind, our men never will have time to acquire as long experience in this war as the British have already. But we needn't worry about them. They will do what is given them to do.

CALL 'EM COBRAS

A letter writer who is up on his zoology objects to calling U-boats rattlesnakes. The rattler, he points out, is the gentleman among snakes because he warns before he strikes, and seldom attacks except in what he considers self-defense.

The cobra, on the contrary, goes out of his way to strike without warning, as U-boats do.

It is easy to understand why most submarine progress has been made by the Germans. More civilized people shoot sitting birds only with regret.

PLACING RESPONSIBILITY

There seems to be a tendency in certain quarters to place responsibility upon the State Department for plans to bar the press from the coming United Nations Food Conference, and thereby to limit the public to what some "papa" thinks the kiddies can safely be told.

This is wrong. Whether the idea be as bad as we think, or perfectly proper, it is not the State Department's. It is not the Office of War Information's. It is he President's.

A scholarly and outstanding citizen is lost to the community in the passing of Hon. E. S. Lindsey, who died in a New York hospital Sunday. Constitutionally reserved, taciturn and disposed to attend to his own affairs and those of his office while he let the rest of the world go by, Mr. Lindsey was considered one of the great landmarks in the east. His death will be sincerely mourned by a wide circle of friends.

The Old Woman Who Lives in a Shoe

Washington in Wartime

By JACK STINNETT

WASHINGTON—If there has been any greater wartime confusion than in Selective Service, I don't know where it is.

The new "rules and regulations" issued a few days ago sounded drastic. The overwhelming majority (143-to-7) by which the Kilday bill, delaying the induction of fathers, passed the House indicated a radical change in induction policies.

Some classifications have been abolished and new ones set up. But what it boils down to is simply what has been known for months, and actually no serious change in the induction schedules is contemplated.

The fact that married men, with dependents, may now be reclassified as 1-A's; that Class 3-B (married men in "essential industries") is to be abolished; that there will be a special classification for farmers and "essential" farm workers; that there will be a reclassification of the 4-H's (men 33 to 45) to see what uses they might be put to in the armed forces or industry means very little.

In sum and substance, dependency is no longer grounds for automatic deferment; but actually, married men with children in the home, and men whose induction would cause real hardship to dependents, will be the last to be called. That is not different from the program previously followed.

PRIMAIRLY, the armed forces want single men, from 18 to 37, who are not essential to industry or agriculture. Their last wish, to disrupt the American home, but they are not blind to the fact that some men marry and have children merely to escape the draft. To ignore this would be an injustice to those millions who are willing to serve.

Secondly, the military powers that be want the armed forces built up to around ten or eleven million men. At present, there is no indication that it will be less than that. To maintain an army of that size, and supply it and our allies, requires millions more in industry, sea and land transportation, and on the farms.

Originally as a means of getting the available men into the armed services, it has become apparent that Selective Service now has a greater problem. It has got to (1) provide, by exemption, essential war industry and farm workers; (2) preserve so far as possible American families; (3) avoid complete disruption of civilian industry, morale and economy; (4) employ to best advantage the conscientious objectors.

In spite of its confusions, errors and even isolated idiocies, observers here will tell you that Selective Service has been driving in that direction from the first. The only real changes are those which have been made by law (change of age limits, etc.). The new classifications are just a rewriting of the catechism which they hope will get draft boards a little forwarder in the same old way.

A meeting of poultry raisers was held last evening when the proposed ordinance relative to keeping chickens in the borough was under fire. A protest was framed and will be sent to council.

With a grand total of \$6067.48 the annual budget campaign of the Y. W. C. A. has come to an end. The workers have been warmly congratulated on the success of their endeavors.

Reports from the county are to the effect that sap is still running and that the sugar bushes of the county are turning out a record crop of syrup and sugar which is finding ready sale.

Yesterday was a beautiful day and scores of motorists had their cars out. The road to Jamestown is still rough and has some big mud holes, but several had success in getting up to the New York state city. The dirt roads are dry but rough.

The cover has been removed from the fountain in Gen. Joseph Warren Park. The water has not been turned on as yet as it is feared some cold nights may freeze the piping.

Spring football practice will be tried out in Sheffield this year for the first time. A class of forty or more boys is expected to turn out for spring loosening up work when the call is sounded.

E. E. Lundquist has been appointed as postmaster at Sheffield and will assume his duties soon. He came to Sheffield when a young man and has been prominent in affairs of the town.

Lee Springer, of North Warren, is displaying a 16½ inch brown trout which he caught in the Arnot. It has been entered in the "big trout derby."

The warm rains have helped the spring flowers and many are now out gathering them. Several handsome bouquets have been seen in Warren homes during the past few days.

M. H. Hendrickson, of Youngsville is a good fisherman. Last evening he displayed a creel containing four rainbows, two brown and five speckled trout all of which measured from 11 to 13 inches.

James Vessey gave a highly interesting and informative talk before the Woman's Club at its meeting yesterday. He paid particular attention to "Ornamental Evergreens."

Who Has The Money For 2nd War Loan?

"Where is all the money coming from to meet the 13 billion dollars of the Second War Loan goal?" is a question heard on many sides. It will come out of the 45-billion dollar surplus earnings of 1943, according to statistics reported by Treasury experts.

During 1941 personal savings of individuals amounted to 9 billion dollars. During 1943 this surplus or prospective savings will increase by 36 billion dollars over 1941 when consumer goods were easy to get.

Now that prices are high, thrifty people will make their goods last longer and place more money in War Bonds.

Ore Trains Moving Marking Opening of Busy Rail Season

Movement of the first trains carrying ore from Erie eastward to Bethlehem heralds the arrival of the first boats down the Great Lakes. For days past the wires have been carrying stories of the "bucking of ice floes" by heavy tugs built especially for breaking ice and now the winds have aided by carrying the ice down the lakes. The boats are moving and before winter comes again a record of moving 95 million tons of the red ore down the lakes will have been accomplished.

All winter long workmen in lake ports have been busy building new boats and 322 of the "red bellies" as the ore boats are known will have shuttled up and down the Great Lakes with 85 per cent of the iron ore used in this country in their holds. Sixteen new ore boats have been added to the lake fleet during the winter and 12 Detroit boats formerly used to transport automobiles have been converted into ore carriers.

The turn-around of the lake boats is speedy and the record is held for unloading 12,500 tons of ore in 16½ minutes. The boat was only in the delivery port 20 minutes before it was again on its way up the lakes. There are upwards of 800 boats on the lakes employing 15,000 men. Most of the lake boat crews work on farms and shops in the winter months.

Much of the ore goes to Ash-tabula and other points but the harbor at Erie is now seething with activity. Many improvements have been made in the docks at Erie to aid in speedy unloading and extensions have been made to the Pennsylvania yards so that additional cars can be handled.

All along the line of the Philadelphia and Erie railroad work has been under way for months past. New sidings have been laid, towers for dispatchers have been placed, additional water tanks put in shape. Near Roystone a tank for the use of a water tower has been built where the water can flow by gravity into the big engines. Heavier rails have been placed and the railroad is prepared to handle its greatest movement of trains over this division.

Reports have been current that huge engines will be brought to this division from the west so that longer and heavier trains can be moved. The ore trains are heavy and in moving them over the heavy grades pusher engines are required which adds to the strain on the motive department of the railroad. The huge engines of the Goliath type are capable of handling trains without pusher engines and thus would release extra engines for other use.

Many extra men are required to handle the heavy railroad work during the time the ore trains are being moved and last summer rooms were held at the Revere House for the crews handling the engines on this section of the road. About 15 men were bunked at the Revere House last year.

Railroad men who handle the engines at the Warren round house are looking forward to a busy summer and from all indications the ore trains will be passing through Warren by the score during the months to come.

Hollywood Sights And Sounds

By ROBBIN COONS

HOLLYWOOD — One of the really good things about the motion picture industry is its devotion to the lives of great men who have gone before us. Just recall how painlessly you learned about Emilie Zola, for instance.

Now you're going to learn about Reginald Joseph Mitchell, who as history goes is pretty obscure, but who as the inventor of the famous Spitfire warplane deserves a great deal of attention. The man who portrays Mitchell on the screen is Leslie Howard, a choice reported-ly pleasing to the widow of the British aircraft engineer, since "Reg" in his lifetime was shy and retiring, the sort of demeanor you expect from Howard.

Mitchell died June 12, 1937, at the age of 42, and *The New York Times* said in its obituary:

"He gave his name to no company or aircraft, yet he designed a military airplane believed to be the fastest in the world and now being produced in great quantities for the Royal Air Force. His performance is a well-kept secret."

MITCHELL'S story, traced in the film "Spitfire," begins at the turn of the century in the British town of Stoke-on-Trent. The son of a printer, he showed such an early interest in science and mechanics that his first job of importance was in a locomotive shop.

During World War I Mitchell worked on airplane engines at the

Vickers Supermarine factory, and made such progress that in 1920 he was chief engineer and designer for the company. In the post-war period, Mitchell designed a radical monoplane which incorporated steel tubing and a high bullet-like fuselage.

That September a world sea-plane record of 226 miles per hour was established with the plane. Although it crashed later in the United States because of a wing flutter, Mitchell already was at work on an all-metal successor. It was in this machine in which Flight Lieutenant d'Arcy Grieg reached a speed of 319 miles an hour, in 1927.

THE first actual Spitfire was flown in 1936. Seven years ago, mind you, yet it had a speed of 346. Mitchell calmly accepted the news that the Germans had produced a Messerschmitt which could do 379 miles an hour, because he knew he had the right basic idea and that developments could come later. The tragedy of his life was that he did not live to see an RAF pilot step into one of today's Spitfires and fly away to challenge a Messerschmitt.

Mitchell became ill from over-work and was told he was living on borrowed time. He refused to rest, and when he did go to a Vienna clinic it was too late.

The film, incidentally, is billed as a Leslie Howard production. Howard also was the director. In the cast is David Niven, one of the first film actors to go to war. He went before the cameras while on leave, still being in active service.

FIFTY YEARS

50

On April 26, 1893—50 YEARS AGO TODAY—the Warren National Bank, with an original capital of only \$150,000, opened for business in a rented store room on Front street.* The first day's deposits amounted to \$40,288.10, with checks totaling \$16,921.88.

50

From its beginning the Warren National Bank has lived the life of this community, serving three generations of Warren County folk . . . rejoicing in their periods of prosperity as well as working together with them through hard times.

50

As Warren has changed from a leisurely horse-and-buggy town without benefit of paving, electricity, modern schools and churches, so this bank has developed with the town and the times . . . ever willing to provide funds which have opened new businesses; ever eager to help create new opportunities for employment. With a half-century's vigorous maturity achieved, we feel as did the 50-year-old who said, "I'm 50 years YOUNG today—and stronger than ever!"

Look! Listen! Live!

The accident illustrated here is an actual occurrence and is typical of a large volume of those that often result in tragedies.

A freight train was approaching a crossing in a small city. As the train neared the main thoroughfare, an automobile carrying three young men approached the crossing, speeded up and dashed by the warning bells and flashing light signals in an attempt to beat the train over the crossing. They lost the race. Two of them lost their lives and the other was critically injured. They gambled and lost.

As the train was brought to a stop, the engineer climbed down out of his cab and, reporting to the police authorities, said: "I've got 41 cars of war explosives behind me. I couldn't put on the brakes fast because I was afraid I would set it off." The local police authorities, after investigating, said that the explosives were powerful enough to have destroyed the small city and caused a tremendous loss of life.

In more than 80 per cent of these accidents, the crossings have added protection, such as flashing light signals and bells, as was the

case in this instance. Yet motorists persist in ignoring these warning measures—too often with disastrous results. The National Safety Council is conducting a special campaign to stop these accidents, which every day delay 38 trains a total of 22 hours—a damaging drain in the nation's war transportation effort.

"OUTFIT the OUTFIT"

The women of the United States, who are the country's largest buyers, are pledged to become leading sellers in the 2nd WAR LOAN DRIVE.

Women's part in the Loan Drive is "OUTFITTING THE OUTFIT" . . . buying coats and shoes and blankets and cots and eating utensils and First Aid kits . . . all the things nearest a woman's heart . . . for two million soldiers, sailors and marines. The total for extra Bonds and Stamps for the campaign will exceed 300 million dollars.

The women's organizations of the county will undertake to sell bonds to outfit these service men. The following is the cost of clothes and equipment per man for each branch of the service:

SOLDIERS, \$154.95 SAILORS, \$96.40 MARINES, \$155.94

Each woman shopper will know that's cheap for each man, but that amount times two million men is a lot of money.

LT. HYMAN LEVINSON, owner of BETTY LEE, is now stationed at the Army Air Center Depot at Nashville. "Hi" reports that carloads of uniforms for flying cadets are distributed each week from this depot.

We've got to make sure "Hi" gets the uniforms to help issue to those courageous Army Pilots.

Violent American Onslaught Causes Nazi Withdrawals

(From Page One)
Fahs, captured new important heights, the communique said. (An Algiers radio broadcast recorded by the Associated Press said the French had broken through mountain passes guarding the Tunis plain.)

(The Algiers radio said also that 64 German tanks had been knocked out in the last 72 hours. The report said the German Africa Corps had thrown its main tank reserves into the battle yesterday in the Goubellat sector southeast of Medjez-El-Bab.)

The battle east of Medjez-El-Bab also was proceeding in favor of the Allied forces, the communique said, and heavy casualties were inflicted on enemy tank forces.

In the north, the Second U. S. Army Corps captured an important height after heavy fighting in the Sidi N'Sir sector, forcing the Axis forces to withdraw. The American troops are continuing to press forward, it was announced.

Yesterday an Axis garrison which had been holding out in Heidous valley finally was liquidated, the communique said.

Allied forces stormed the northern front of Djebel Tanngouche, where the Germans had fought tenaciously, and captured the remnants of the garrison, it was announced.

Allied aircraft, hampered Saturday by poor weather, resumed heavy attacks on enemy transport and positions and several fires were started on a Tunisian airfield. A number of vehicles also were set afire.

Fighter planes escorted the bombers and carried out sweeps over the battle area, destroying seven enemy planes during the day. Twelve Allied planes were lost, but two of the pilots are known to be safe, the communique said.

RETURN FROM AMARANTH SESSIONS
Mrs. Eva M. Reardon, district deputy grand royal matron, and Mrs. James A. Blomquist, royal matron of Conewango Court, have returned from Philadelphia, where they attended the 23rd annual grand court session of the Order of the Amaranth of Pennsylvania. This session was held April 18, 19, 20 and 21 in the Benjamin Franklin Hotel.

In spite of traveling difficulties, there was an unusually large registration and the representatives from Warren had the pleasure of being present at the installation and coronation of Mrs. Margaret Stewart, of Donora, as grand royal matron for the ensuing year.

KANSAS MARRIAGE OF INTEREST HERE
Announcement has been made by Mrs. L. M. Crawford of the engagement and approaching marriage of her niece, Miss Sena Howell, of Wichita, Kans., to John Conroe, formerly of Tidoute. The wedding date set in the announcement was Easter Sunday, the ceremony to have been performed at the Central Christian church in Wichita.

The news was told to friends of the bride-elect at a party given Friday evening by Mrs. Crawford and Mrs. Claude B. Myers. The bride is employed with the Santa Fe Trails System and Mr. Conroe is an oil operator.

Brooklyn and Phillies Change Ball in Game Saturday While Others Smack "Dead" One

By JUDSON BAILEY
Associated Press Sports Writer

The major leagues are as confused as freshmen at the junior prom and perhaps it is a good thing today is an open date so that everybody can take stock—of themselves and of the balls that are being used.

In games played at Brooklyn against the Phillies this weekend a leftover supply of last year's balls was used, the change-over being made in the third inning of Saturday's struggle. But other clubs in both leagues still are using the new 1943 model, even though all parties concerned say it is dead.

Dead ball or not, the Washington Senators made 19 hits and scored 12 runs in the first game of a doubleheader yesterday. They also scored five runs on six hits in the nightcap to sweep the bargain bill from the Philadelphia Athletics, 12-0 and 6-0. Alex Carrasquel pitched two-hit ball in the nightcap.

The New York Yankees also

succeeded in making 12 hits while blasing the Boston Red Sox 7-1 to continue unbeaten in first place in the American League. There was one game in the National League in which 20 hits were made, ten by each team, as the Pittsburgh Pirates conquered the Chicago Cubs, 6-2.

All of these games were played with the "dead" ball and inasmuch as the batters managed to stir up quite a commotion, there was room for suspicion that maybe the reason the St. Louis Cardinals and Cincinnati Reds played another 1-0 day's struggle. But other clubs in both leagues still are using the new 1943 model, even though all parties concerned say it is dead.

Yesterday it was Lefty Johnny Vander Meer who lost the decision to Lefty Howard Pollet of the Cardinals as the two western rivals g-apped in their hitting vacuum at Crosley Field. Vander Meer, who had won the 1-0 nod in 11 innings on opening day, allowed just four hits to Pollet's five, but in the fifth inning Walker Cooper tripled and came home on a squeeze bunt by Buster Adams.

Ollie Hunter of Erie Blazes Trail of Fame By Winning In Three Events at Philadelphia

By TED MEIER
Philadelphia, April 26 (P)—Pennsylvania panorama of sports news and gossip from here and there.

Penn relay echoes: Gettysburg College, Muhlenberg College, Mercersburg Academy and Altoona Reading and Harrisburg Join Harris. Altoona's time in the mile was 3:34, good enough for fifth place in the final for the high school title won by Bayonne, N. J., in 3:31.5.

The star of the relays—outside of barrel-chested Greg Rice—was another Pennsylvanian, modest Ollie Hunter, of Erie, where he got some of his early track coaching from Reginald "Pete" Bowen and Jimmy Wick, former Erie East and Pitt track stars. Hunter sparked Notre Dame to three victories and won special praise from Olympic Lawson Robertson of the University of Pennsylvania. Hunter, said Robbie, stands a very good chance of becoming the first man to run a four-minute mile, provided he stays in competition after graduating from college. Incidentally, Hunter's high school coach at Erie Strong Vincent, "Red" Cochran, made a special trip to see his boy "finish his college career." Cochran roomed with the Notre Dame coach, Al "Doc" Handy, while in Philadelphia.

Mercersburg had little trouble retaining its prep school quarter mile relay championship. I. M. Condon, R. Young, R. W. McFadden and W. O. Newman romped to victory in 44.2, two seconds slower than the world's interscholastic and relay record set by the 1939 Mercersburg quartet, but still good

time over the slow track. The Altoona High quartet of McDonald, Hye, Stauffer and Gehrade won its heat in the 440-yard relay on Friday in 49.2, and on Saturday repeated in its class mile relay against Lancaster, York, Williamsport, Lebanon, Allentown, Harrisburg, William Penn, Bethlehem, Reading and Harrisburg Join Harris. Altoona's time in the mile was 3:34, good enough for fifth place in the final for the high school title won by Bayonne, N. J., in 3:31.5.

Sports Roundup

By HUGH FULLERTON, JR.

Four of the likely starters in Saturday's Kentucky Derby cost their owners just \$9,000 two years ago when they came out of the yearling sales. . . Eddie Anderson's Burnt Cork and J. Graham Brown's Seven Hearts were \$400 bargains; Blue Swords cost Allen T. Simmons \$3,300, and No Wrinkles, Mrs. Ethel V. Mars' "mystery horse," was sold for \$4,900. . . But don't think that's any better way to get rich than being in the winter books. . . If you own any sort of a stable, you have to win more than the Derby to break even. . . When the Dodgers busted loose with that 11-run splurge Saturday, the fans couldn't decide whether it was the old ball or just the same old Phillies.

KIBITZER: Workmen at the Pittsburgh Gardens didn't complain when a man who appeared regularly before fight shows and bossed the job of setting up the ring, ordered them to get a new canvas floor covering or new ring ropes. . . But when they finished the job early on time, and he demanded that they pull down the ring and set it up again, they told President John Harris that the boxing commission's ring inspector was asking too much. . . Investigation showed that there wasn't any such official, so before the next show Harris asked to see the inspector's credentials. . . "Oh, I'm not representing anybody," came the reply. "I just like to come around and see the men work."

TODAY'S GUEST STAR: Whitey Grubler, Atlantic City, N. J. Press: In a poll at Fort Sheridan, servicemen voted Joe DiMaggio a better all-around center fielder than Terry Moore. We think they're right, but the choice would have looked silly last October.

MONDAY MATINEE: Henry Armstrong is really making hay—and don't say it ain't—while the comeback sun shines. Hank is listed to fight Saverio Turillo at Washington Friday; Tommy Jessup at Boston May 7, and Willie Joyce at Los Angeles May 22. . . Johnny Bulla, who gave up pro golf to become an airline pilot on the Atlanta to Brownsville, Tex., run, only gets in about one round of golf a week now, but he hopes to play in the Tam O'Shanter tournament if it's held this year. . . Says John: "I hope George May has a big tournament with \$15,000 prize money and the field consists of one man, Bulla." . . The breath of scandal touched lightly on the Penn relays Saturday when officials recognized Eddie Morgan, former Mercersburg Academy and Penn A. C. athlete, running on the Westinghouse Electric team that won the defense industry relay. . . Someone remembered that Eddie didn't work for the company, so the team was disqualified. . . The electricians, apparently, didn't have the right kind of transformer.

THEY HAD THEIR INNING: In a class with "Sighted sub sank same" is the report by an unidentified radioman of the bombing of an American destroyer during the early days of the war in the south Pacific. . . The ship's anti-aircraft couldn't reach the high-flying Jap planes as they came over five times, so the Americans couldn't do anything but broadcast a running description of the attack, ending "five runs, no hits, no errors."

PEP-WILSON BOUT TONIGHT

Pittsburgh, April 26 (P)—Willie Pep, world's featherweight champion, who owns one of the greatest victory strings in boxing, ruled a 5 to 2 favorite over Jackie Wilson, former NEA king, for their 12-round non-title bout tonight in the Gardens.

The Hartford (Conn) pepperpot has won 65 fights as a professional, 62 of them in succession, until he was shaded by Sammy Angott, but he will have to pull upon all his cleverness to get by Wilson, who at 33 is a cagey scrapper and knows all the answers.

A victory for Wilson will mean a title test for him here later this summer. The Rooney-McGinley Club said, although this possibility is clouded by the war. Both fighters may be swinging their punches for Uncle Sam before summer. Wilson is A-A and awaiting call, as is Pep.

In a 10-round semi-final bout, Carmen Notch, who recently shaded Al (Bunny) Davis, of New York, will meet Mayon Padlo, hard-hitting Philadelphia welterweight. Jackie Armitage, of New Kensington, and Bebe (Cap B) Wright are matched in the feature preliminary scrap.

WEEK'S SCHEDULE AT THE ARCADE
Monday, April 26—Struthers-Wells Championship match.
Tuesday—Open Bowling.
Wednesday—Junior City doubles.

HORSE PRAIRIE BY CLEM COLT

Chapter 19

HORSE PRAIRIE in the morning light lay shimmering in its dust and heat, rimmed and girded by its cliffs and canyons, cut and slashed by trails and gulches, with the great cloud-shadows sweeping its floor and dappling sun's gold with cobalt. Horse Prairie, whose tawny bosom had echoed the wild tremolos of a thousand tribes, whose canyons had damned the harsh crescendos of bandit guns and owl-hoot laughter—whose crevices had run with men's hot blood, and were like to do so again by the sign.

On the railed veranda Sam Holman had built sat Tubac Jones with his hat pulled over his eyes, a limp cigarette in his mouth corner. He was thinking—very briefly—of Potter, and of how last night it had taken three brimming buckets of horse-trough water to bring the man out of his vapors. And of how, when brought to the Stampede foreman's teeth had chattered as he promised, if allowed to slope, his shadow never should darken Horse Prairie again. On that understanding Jones had let him go. "An' gett ridance," he muttered, scowling. Then suddenly bent forward, Tubac peered across the wind-swept grasses. "Hmmm! Now who is that comin'?" Get rid o' one an' git stuck with another. Sure ain't Blackwater—don't ride like him nor ain't built like him. Hmmm. Comin' from town, but it ain't the Shallet—don't look like Jinx Mueller, neither. Now who in Tophet. . . Could it be McGillicuddy? Don't seem like he'd be pascarin' out here; an' yet— Well, Judas Priest!

Jones jumped from the rocker with a startled curse, looked in the house and came tearing out with an extra sixgun and a .50-70 rifle. There was no mistaking that gaunt figure now. He knew that loose-shackled rider like he knew the palm of his hand. Yonder rider was Augustine Chacon!

"Ah! Ah!" cried Chacon, reining up with a grin. "Did you remember me then, amigo, or were you looking for somebody else to ride by?"

"With his rifle held ready in the crook of his arm Tubac scowled up at him bitterly. 'The Great Chacon!' he said with a display of his teeth; but the Mexican was not offended. In his great Chihuahua hat and crossed cartridge belts he made an impressive figure as he lounged in the saddle smilingly twirling a corn husk cigar. He guffawed jovially at Tubac's black scowl. 'A-a-a-ah! You have the face of the mad dog, campade. Is it that you bemoan those cabalos you sold me?' 'It's the broncs you stole! I'm thinkin' about an' that wad of tan money you handed me—a fine trick to play on a poor man! I thought you robbed only hidalgos!'"

"That is true," Chacon nodded, and pulled a few smoke rings through which he eyed Tubac amusedly. "Only the rich and the arrogant—best the poor may have food for their bellies."

"Do I look like a rich?" snarled Tubac, and the Mexican started with laughter. "O-ho!" he chuckled. "Do I look like a captain of Rurales?" "No!" Tubac flared, and spat

"Chacon grunted under his breath, but he waited till Tubac had roped Calliope and was leading him out toward the kak-pole. Then he demanded, 'What does she look like, this Blackwater?' "Go 'way!' Jones said, picking up his saddle. "Anyone that would pass a guy him money—"

"Did I know this money was no good?" cried Chacon, scowling. "You think I take no-good money for job if I'm know it? Cereja! I weel cut that gringo's heart out an' stuff hees damn' toes in hees gutlet!"

"Go along an' do it then," grunted Tubac indifferently; and suddenly let loose of the trunk strap he'd been jerking, to whirl and eye the steeple-hatted outlaw intently. "Here—just a minute," he muttered. "Did you say a gringo give you that money?" and Chacon ducked his head profusely. "What gringo?"

"That Deckerman—" "Deckerman!" Tubac cried, and Augustine Chacon bared his teeth in an ugly smile.

HEAVY RAF BOMBERS AGAIN ATTACK NAPLES

Cairo, April 26.—(P)—Heavy RAF bombers attacked the Italian port of Naples again Saturday night, unloading explosives near a railway station, on a steelworks and a shipyard, a Middle East air communiqué announced today.

Long-range fighters were reported to have set an enemy schooner on fire earlier in the day in the Ionian Sea.

All planes returned safely from these and other operations, the communiqué said.

ensk. The Russian note flatly charged that the Germans had killed the Polish officers.

Washington, April 26.—(P)—The State department expressed regret today over the break in diplomatic relations between Soviet Russia and the Polish government in exile.

Asked for comment, a department official said that without reference to the merits in the matter of the differences between these two governments, and without knowing as yet the full facts, it was with regret that the development.

Local Soldier Believed in Nazi Prison

(From Page One)

Since that time, reports have come through concerning some of the missing soldiers, all members of an anti-tank division. Most of these have come from German prison camps and it is assumed that the Warren boy is also interned in that country.

The last message had from him was a letter dated February 12 and received on March 15, the same day the message from the War Department notified his family that he was among those missing.

on Kiska, which had been bombed 115 times since April 1. It was assumed here that the enemy was able to make 48 hours of progress in his dogged construction of an airport.

Meantime, in the South Pacific the much-bombed Japanese base at Munda, New Georgia Island, again felt the blows of Avenger torpedo bombers, dauntless dive bombers and Wildcat fighters. The attack, which occurred Saturday, island time, left one large fire blazing, destroyed a number of unidentified buildings and caused a heavy explosion.

CLARION MAN KILLED

Lakeland, Fla., April 26.—(P)—Thirteen men were killed in a collision of two army bombers Friday, the public relations office at Drane Field announced. Among the casualties were Flight Officer Robert J. Baskin, Route 1, Drums, Pa., and Staff Sergeant Clyde F. Trainer, Jr., Clarion, Pa.

OIL CITY MAN MENTIONED

At a U. S. Fighter Station in England, April 26.—(P)—Several American air force units stationed in England now are flying American planes from bases manned and operated entirely by Americans.

Lieut. Francis Gabreski, of Oil City, Pa., is a member of one of the all-American flying units.

A rubber life raft can save at least 10 lives. The sale of five \$50 war bonds, at \$37.50 each, will pay for one.

BOY WANTS TO AVENGE DEATHS OF BROTHERS

Pittsburgh, April 26.—(P)—Charles Johns, of Johnstown, who wants to avenge the deaths of two brothers killed on Guadalcanal, today as to whether he will be permitted to join the marines. He is only 17 but Lieut. Col. A. E. Simon, after hearing the boy's story, said he had asked for a special dispensation from Washington for the boy's enlistment.

Corp. Harold Johns, 22, was killed Aug. 27, Pfc. David Johns, 19, Oct. 9. Their father and a sister also want service in the marines for what happened on Guadalcanal.

PAPERS LAUDED FOR PART IN BOND DRIVE

Pittsburgh, April 25.—(P)—Robert S. Bates, editor of The Meadville Tribune, says small town newspapers are battling inflation in their promotion of war bond sales. He added:

"Every day the press is promoting public morale, devoting space and effort to a hundred and one wartime projects and for that reason newspapers have earned the designation of an essential industry."

Bates made the statement Saturday while interviewed by William J. (Bill) Thomas, editor of the Clearfield (Pa.) Progress, on Thomas' weekly "Main Street Editor" broadcast from radio station KDKA.

PROMINENT CATHOLIC MISSIONARY IS DEAD

Pittsburgh, April 26.—(P)—The Very Rev. Thomas J. McCarty, Catholic missionary leader and former Duquesne University professor, died last night at the age of 43.

After McCarty ordained to the priesthood in 1922, had been superior of the Holy Ghost Mission, a body of missionary priests, since 1940. His mission work carried him to many parts of the east, mid-west, and south.

County Hens Must Hustle On Production

Warren County poultrymen are asked by the government to produce approximately 1,392,000 dozen eggs this year, nearly 3.4 per cent more than in 1942, as their share in the Food for Victory program, the Northeastern Poultry Producers Council estimated today.

Leon Todd, managing director of NEPPCO, declared that farmers can reach this county goal, which is based on the percentage increase suggested for Pennsylvania by the U. S. Department of Agriculture, if adequate supplies of labor and feed are available.

"Poultry farmers are now working harder than ever in all-out war production," Todd said, "continuing the magnificent job they did last year by producing 1,347,000 dozen eggs in this county to help supply civilian, military and lease-lend needs. Also, two developments during last year have resulted in larger laying flocks on most farms today."

"First, egg prices as shown by records of one of the larger purchasers of Pennsylvania eggs, which last year paid \$2,902,095 in this state for 6,909,750 dozen, were so favorable that farmers saved an unusually large proportion of potential losses."

"Second, conditions in 1942 were good for raising pullets. Fall weather was generally mild and the average hatching date was early."

"These factors point to increased production," Todd explained, "if an improvement can be made in the farm skilled labor situation and if farmers can get enough protein feeds. There are critical shortages of protein ingredients because imports have been cut so drastically. Even soybean oil meal is not being processed fast enough to meet demands. These are

major problems facing the industry."

Pennsylvania poultrymen, who produced approximately 195,000,000 dozen eggs in 1942, are asked for 202,108,000 dozen this year as their share of the national egg goal of 4,780,000,000 dozen.

Torpedo Boy Wins Honors In 4-H Work

Brattleboro, Vt., April 26.—Orren Leigh Smith of Torpedo, R. 1, has just been awarded a Certificate of Merit and granted a Junior Membership for having done satisfactory Holstein calf club work, The Holstein-Friesian Association of America announces. He was recommended for these awards by the State 4-H Club leader.

As a Junior Member of the Association, he will be given all the privileges of an adult membership except voting, until he is 21 years of age.

He is the 6,717th member of The Holstein-Friesian Calf Club Association of America to achieve this national recognition since August 11, 1924, when certificate number one was issued.

Boy Scout Campaign To Open Tuesday

The Boy Scout campaign in Tidoute is scheduled to start with a meeting of the workers Tuesday evening, April 27th, 7:00 o'clock, at the high school in Tidoute, it was learned today from George King, the community chairman.

The men who are working on the campaign in Tidoute and assisting Mr. King are D. W. Lang, Krug Cyphert, Lyle R. Briggs, H. H. Linneman, Floyd Swanson and George Atkin.

The campaign meeting is set early in the evening to precede a meeting of the P. T. A. for which the troop has prepared a special First Aid and Emergency Service demonstration. This program will follow very closely the outline prepared for the First Aid and Emergency Service meet of the Warren County Boy Scout Council held recently at Bealy school in Warren, according to E. H. Cornish, Scoutmaster.

MEN AND WOMEN IN SERVICE

According to a special dispatch from Wisconsin State Teachers College, Louis Archie Eckland, 201 Dartmouth street, has taken up training there preparatory to becoming an aviation cadet.

Mrs. Frank Masterson, Canton street, was pleasantly surprised Saturday when she received a cablegram from her son Thomas, in the army, sending birthday greetings and from her son James, in the navy, she received Easter lilies. The location of either boy was not disclosed.

A dispatch from Lowry Field in Colorado is to the effect that Pfc. Richard Daniel Johnson, son of Mr. and Mrs. Carl Johnson, 101 Dartmouth street, was graduated April 24 from the field's armament school, where he has been a student since February 10. Pfc. Johnson, graduated from Warren High

School in 1942 and well known football, basketball and baseball player, was inducted October 27, 1942, at Erie and has been at Fort Meade, Md., McClellan Field, Calif., Camp Stockton, Calif., Camp Tanforan, Calif., and Miami Beach, Fla. Before going in the armed forces, he was employed as a machine operator for the Thomas Flexible Coupling Company.

Sgt. Howard C. Burch, having successfully completed his three months' course at the air forces officer candidate school at Miami Beach, Fla., has received his commission as second lieutenant. As a civilian, Lt. Burch resided at 118 Main avenue, Warren, the son of Mrs. Alta C. Burch.

Auxiliary Julia Nichols, WAAC, stationed at Richmond, Ky., has been promoted to the rank of auxiliary first class, according to special word from East Kentucky State Teachers' College.

Lawrence Brown, Seneca Indian from Cornplanter Reservation, is home on furlough from Camp Beale, Calif., and is visiting at the Ezra Jacobs home at Corydon.

Pvt. Frank E. Peterson, son of Mr. and Mrs. Clarence Peterson, 707 Conewago avenue, has returned to Cheyenne, Wyo., after a 15-day furlough at home. Pvt. Peterson is communications clerk for United Airlines and company clerk for his detachment. He is stationed at the municipal airport in Cheyenne.

It takes 40 persons putting up \$37.50 each for \$50 war bonds to gun for one .50 caliber machine gun.

Francis Combs, son of Mr. and Mrs. J. E. Combs, left last week with others who were inducted, for Erle. His parents have heard that he is settled in camp with Co. C 153d Bn., A. P. O. 304, Fort Lewis Washington state.

Dr. Alexander is quoted in last Sunday's Pittsburgh Sun Telegraph as saying that twenty-eight mad dogs have been killed the first half of April on the city streets. He urges that all persons bitten should see family physicians at once, and that the danger is growing more serious every day. Because of the dog that was running at large last week, there may be a dangerous condition in Forest county.
